partners to receive targeted information about upcoming events, tools, capacity building opportunities, etc. via email

I DO NOT GIVE PERMISSION to share my email address with the internal consortium of partners to receive targeted information about upcoming events, tools, capacity building opportunities, etc. via email

DISCLAIMER

PFAN uses the Fluxx grant management tool for managing its project development pipeline and refers to the application as 'Grant submission'. However, PFAN **does NOT provide any grants** but is **offering technical assistance and guidance** to economically viable and environmentally beneficial projects.

Registration Process

The registration process for the PFAN project management portal consists of four different steps:

1. Complete and submit the registration form
2. You will receive an email including a verification link
3. When clicking the verification link you will be able to create your personal password
4. You will then have access to the PFAN Application Portal where you can work on your application (<https://climate-invest.fluxx.io>)

Password Requirements

Your email address will be used as username. When creating your password, please ensure that your password is at least 8 characters in length and includes at least one uppercase letter (A-Z) and at least one number (0-9).

In order to complete the registration we will verify your organization. This can take up to two working days. You will receive an email once the verification process is completed. Only after the completion of the verification process, you will be able to submit your application.

Please follow this [link](#) to access the PFAN FAQ document. (This is a living document and will be updated on a regular basis.)

Cancel **Submit Request**

3. Fill out the registration form.

4. Click 'Submit Request' at the bottom.

5. You will receive this notification:

6. You will receive this email from the Climate Invest Portal:

Climate Invest <do-not-reply.grants01-eu-west-1@fluxx.io>
Wed 24/10/2018, 13:39
You

Dear Applicant,

Thank you for registering with our project management website.

Please be aware that we have to activate your account after registration. Once activated you can formally submit an application. We will process the activation of your account as soon as possible, but this could take up to 2 working days. Until the time that your account is activated you can start working on the application and save progress. Once your account has been activated, your organization's information will automatically appear in the top of your application.

Please verify your account by following the link below:

Verification Link: <https://climate-invest.fluxx.io/verify/00a2025a72b0c0476fd31a69f179d513>

Link to Application: <https://climate-invest.fluxx.io>

Your email address will be used as username. When creating your password, please ensure that your password is at least 8 characters in length and includes at least one uppercase letter (A-Z) and at least one number (0-9).

With kind regards,
The Climate Invest Team

7. Click this verification link.

7. Create a password – your username will be your email address:

PFAN
Accelerating Investment
for Climate and Clean Energy

Welcome to the PFAN Project Management Portal!

In order to apply for the Project Development and Financing Initiative for Asia and Sub-Saharan Africa please access the **PDFI Open Call** section on the left-hand side.

From this PFAN Portal, you can . . .

- Submit an application
- Track the status of your pending application
- Monitor submitted applications and projects

How to use the Portal

As a user you can use the portal for applying to PFAN Call for Proposals, review the status of your project and submit your project deliverables. Applications can be submitted via the PFAN Information Page.

FLUXX ⚙️

- Projects and businesses which deploy clean and renewable energy and / or climate change technologies for productive uses;
- Greenfield & brownfield utility projects, independent power producer and distributed generation projects (for both thermal and electrical energy);
- Existing projects which are operating at low or pilot scale and which are ready for scale-up;
- Existing projects which are operational at low or pilot scale and which are ready for scale-up;
- Projects which increase access to energy for remote communities including rural electrification, off-grid and mini-grid projects, thermal energy and clean cooking solutions;
- New or expanding business ventures in clean energy and related technologies, including downstream projects (focused on deployment of existing technologies) and upstream projects (focused on development and commercialization of a new clean technology);
- Merger, acquisition or joint venture, which will add value to an existing / current clean energy / technology business.

Proposals must demonstrate that the project is commercially and technically viable with zero or only minimal grant funding required.

We advise applicants to structure their proposals taking into consideration the selection and scoring criteria as provided in Section 3, as well as following the Project Proposal Guidelines for Sub-Saharan Africa and Asia PDFI as provided in the separate document to assist entrepreneurs in structuring an eligible proposal in terms of content.

Proprietary Information and Confidentiality

The organizers respect the confidentiality of all participants' business concepts and plans. Business concepts, overviews and plans will not be copied for any purposes other than use in the Initiative. The evaluators and judges also recognize the sensitivity of the materials being presented and undertake that they are bound by the same considerations of confidentiality.

Companies may choose to include the following optional disclaimer on the cover sheet of their submissions, recognizing that it is not a legally binding agreement.

"This business plan is confidential and is presented solely for the purpose of evaluation in the PFAN Project Development and Financing Initiative for Sub-Saharan Africa. This plan may not be reproduced or redistributed in whole or in part. By accepting a copy of this plan, the recipient agrees not to reproduce or disclose the contents of this plan to third parties without the prior written consent of its authors."

While the organizers appreciate concerns around confidentiality, as a matter of convention and practicality, confidentiality agreements cannot be signed as part of the Initiative / in the name of PFAN. Once accepted into the programme, project developers may request confidentiality agreements to be signed with their assigned PFAN Coach to facilitate.
