

Bioenergy Association of Ukraine

Partnership offer
UABIO 2023

UABIO

UABIO stands for the sustainable development of bioenergy in Ukraine

Bioenergy Association of Ukraine – nonprofit civic union, that unites business and experts for sustainable bioenergy development in Ukraine.

UABIO unites:

39

leading companies

10

individuals

20+

experts in the field of bioenergy

activity throughout Ukraine

UABIO members:

- affect the bioenergy market of Ukraine at the legislative level;
- receive consultations and priority support within the framework of national and international projects of the Association;
- increase the brand/product/activity awareness among the target audience;
- receive exclusive information on important developments, news and global trends in bioenergy.

UABIO membership

Co-founder
of the civic union

**World Bioenergy
Association**

**Bioenergy
Europe**

**European Biogas
Association**

**Global 100RE
Ukraine**

Current UABIO projects:

SAF

EBRD

1

Ukraine Sustainable Bioenergy Value Chain Innovation –
Knowledge Management Programme
EBRD/GEF

2

BIOMETHAVERSE

Horizon 2020

3

UABIO Fridays

USAID

4

CERESiS

Horizon 2020

5

Assessment of consumption needs and production possibilities
for motor biomass fuels in Ukraine
FAO

6

UABIO clients and partners:

NEFCO

giz

COWI

are consultants of the PFAN
network and the GEF TNA project

UABIO

What we do?

- lobby and participate in the development of legislation, state and industry standards, programme documents, energy strategies concerning sustainable bioenergy growth in Ukraine;
- provide expert, consultative, methodical and informational assistance to the Association's members;
- participate in the biggest bioenergy conferences in Europe and Ukraine: EUBCE, WSED, EU4Energy, AgTech and Green Energy Forum, Biomass for Energy, SAF, EUEA Energy Day, SSIDD, AgroPower: Biogas, AgroEnergyDAY, Green Economy Days etc.

Activity

Lobbying bioenergy interests

UABIO

Your benefits

- collaboration with government and business circles that have an impact on Ukrainian bioenergy and possibility to vote on the Association's meetings and working groups;
- access to all Association's developments, insights and contacts;
- up to date information on main bioenergy events, access to all analytics, articles, presentations from UABIO events and free participation in UABIO events.

What we do?

- analyze the bioenergy market development in Ukraine and abroad;
- review national and international legislation in bioenergy, renewable energy, energy efficiency and climate change.

Activity

Market monitoring

UABIO

Your benefits

- access to exclusive and proven information on world practices, experience and professional standards;
- access to UABIO Analytics, Position Papers, Articles, Presentations.

What we do?

- feasibility study for the construction of new and reconstruction of old CHPs, biogas plants, boiler houses and cultivation of energy crops;
- cooperate with international professional associations and organizations;
- cooperate with business, bioenergy experts, representatives of the public bodies, international organizations, higher educational establishments, scientific institutes.

Activity

Expert assessment

UABIO

Your benefits

- consulting from the Association's experts;
- opportunity to participate as a partner in UABIO international projects;
- expanding the range of potential partners and clients.

What we do?

- organize public events: conferences, seminars, working meetings, workshops;
- create a positive image of bioenergy in society through UABIO website, social networks, digest;
- cooperate with the media.

Activity

Information support

UABIO

Your benefits

- participate in the events of the Association free of charge or on preferential terms;
- promote your business among the energy community through UABIO website, social networks, digest and have the access to marketing programmes of the Association;
- cooperate with loyal media as a partner of the Association.

UABIO results

2013

UABIO creation

2015

Participation in the development of the **adopted Law of Ukraine on improving the conditions of application of the green tariff for bioenergy objects**

2017

Participation in the development of the **adopted Law of Ukraine on stimulation of heat production from alternative sources** with application of tariffs at the level of 90% of gas tariffs

2019

Through joint efforts of UABIO and other organizations, **the «green» tariff is not reduced** for biomass and biogas electricity production facilities

2021

Participation in the development of the adopted **Law of Ukraine on the development of biomethane production**

Participation in the development of registered draft laws on the support for the cultivation of energy crops:

- regarding the **state support of growing energy crops**;
- on amendments to the Article 288 of the Tax Code of Ukraine regarding **the rent for land plots on which energy crops are grown**

2022

Participation in the development of the adopted Law of Ukraine «On Amendments to Certain Laws of Ukraine Regarding the Improvement of State Regulation in the Field of Handling Pesticides and Agrochemicals» (**use of digestate regulation**)

Participation in the development of the Resolution of the Cabinet of Ministers of Ukraine «**On approval of the Procedure for the functioning of the biomethane register**»

Participation in the development the Resolution of the Regulator (NERCU) «On Amendments to the Code of the Gas Transport System and the Code of Gas Distribution Systems» (**regarding the oxygen content in biomethane**)

2023+

- ➔ Exemption from the CO2 tax for biofuel and biogas plants;
- ➔ E-commerce system for solid biofuels;
- ➔ Sustainability criteria for liquid biofuels;
- ➔ Requirements regarding the mandatory share of biofuels in motor fuels;
- ➔ State support for the cultivation of energy crops;
- ➔ The competitive market for thermal energy.

Membership fees

Status	Participation at the General Assembly, the number of votes
	Logo in UABIO's presentations, analytics and digest
	Access to UABIO's case studies, scientific papers, reports and evaluations
	Individual UABIO consultant
Information support	Logo and information about the company/person on the website
	Logo/personal information (for individuals) on the homepage of the website
	Publication of an article about company's achievements/ interview on the website (audience of about 25,000 unique users per year)
	Facebook post about company's achievements/interview (12,000+ monthly audience)
	Logo on the UABIO Analytics, Banners and Brochures
Events and projects	Participation in UABIO events online and offline
	Speaker status (optional) within UABIO events
	Banner placement and distribution of promotional materials at the UABIO key events
	Special partnership conditions within UABIO events (discounts, speaker status, opportunity to present the company and promotional materials during events)
Digest	Article about the company/interview in the UABIO digest (optional) (8,000+ contacts of bioenergy sector companies)
	Individual mailing with the information about your company's achievements to Ukrainian and foreign professional audience (optional) (8,000+ contacts of bioenergy sector companies)

*membership fee is paid annually by December 15

How to Become a Member

1

You fill in the short online form

2

Our consultant will contact you and send you an application form and a membership fee invoice

3

You pay the invoice according to the package you chose and send the completed and certified application form to us

4

You receive a certificate of partnership and cooperation with UABIO
