

## Biomethane in Ukraine: Opportunities and Development Conference

The conference intends to raise awareness about the potential of biomethane in Ukraine's energy mix, addressing the current state and potential of the biomethane market in Ukraine, focusing on policy and regulatory frameworks supporting biomethane production, feedstock availability and sustainable sourcing in the Ukrainian context. Furthermore, it will highlight economic feasibility and financing models for biomethane projects, the environmental benefits and sustainability aspects, as well as challenges and opportunities for the growth of the biomethane sector in Ukraine. The case studies of successful biomethane projects in Ukraine will be presented to demonstrate the potential of the sector.

The conference targets government officials and policymakers, agricultural producers and farm owners, technology providers and equipment manufacturers, investors interested in the renewable energy sector, energy developers and project managers, representatives from energy utilities and grid operators, consultants and advisors in the energy and agriculture sectors.

**Venue:** Kyiv

**Date:** Thursday, 12 June 2025

**Time:**

- 09:30 – 10:00 Registration
- 10:00 – 10:30 Welcome speeches
- 10:30 – 12:30 Session 1
- 12:30 – 13:30 Lunch
- 13:30 – 15:30 Session 2
- 16:00 – 17:30 Session 3

### Welcome Speeches

**Hour: 10:00 – 10:30**

Welcome speech

**Ms Karolina Cegir**, Energy Community Secretariat

**Mr Andrew Ockenden**, Development Director, Foreign, Commonwealth and Development Office (TBC)

**Mr Mykola Kolisnyk**, Deputy Minister of Energy of Ukraine

**Mr Andriy Zhupanyn**, Verkhovna Rada of Ukraine

**Mr Taras Vysotskyi**, Ministry of Agrarian Policy and Food of Ukraine

### Session 1 – First Biomethane Experience in Ukraine

**Hour: 10:30 – 12:30**

State of the art and prospects of biomethane production in Ukraine

**Mr Georgii Geletukha**, Bioenergy Association of Ukraine

Experience of biomethane production and export of VITAGRO ENERGY LLC		Mr Sergiy Savchuk, VITAGRO ENERGY LLC
Experience of biomethane production and export of MHP VERDANT LLC		Mr Adomas Audickas, MHP VERDANT
Experience of biomethane production of Gals Agro LLC		Mr Oleg Ryabov, the Gals Agro LLC (TBC)
Experience of biomethane plants construction and exploitation of Ukrainian Technology Company (UTC) LLC		Mr Yevhen Lukashevich, Ukrainian Technology Company (UTC) LLC
Prospects of Synthetic Renewable Methane production (methanation of CO <sub>2</sub> and H <sub>2</sub> )		Mr Olexander Dombovskiy, MHP Eco-Energy
Experience of biomethane plants construction of AC Group LLC		AC Group LLC (TBC)
Q&A session		

## Lunch Break

**Hour: 12:30 – 13:30**

## Session 2 – Biomethane Infrastructure in Ukraine

**Hour: 13:30 – 15:30**

Experience on biomethane plants connection to distribution gas grids of Ukraine		Mr Sergiy Minin, Gagmereg LLC (TBC)
Experience on biomethane plant connection to transmission gas grids of Ukraine		Operator GTS (TBC)
Experience of Bureau Veritas Ukraine in biomethane ISCC certification		Ms Kateryna Postolenko, Bureau Veritas Ukraine (TBC)
Legislation in biogas and biomethane areas in Ukraine		Mr Vitaliy Radchenko, CMS Ukraine
Biomethane zoning for Ukraine		Mr Yuri Matveev, Bioenergy Association of Ukraine
Carbon intensity of biomethane for different raw materials and production technologies		Mr Volodymyr Kramar, Bioenergy Association of Ukraine
Q&A session		

## Coffee Break

**Hour: 15:30 – 16:00**

## Session 3 Next Steps for Biomethane Production in Ukraine

**Hour: 16:00 – 17:30**

Experience of biomethane plants construction and exploitation of Pro-Energy LLC		Mr Ruslan Delidon, Pro-Energy LLC (TBC)
---	--	---

Results of Analytical Note No. 1 "Advanced biomethane production from intermediate/cover crops"

Results of Analytical Note No. 2 "Advanced biomethane production from ligno-cellulose materials"

Results of Analytical Note No. 3 "Advanced biomethane production from micro-algae harvested on digestate of biogas plants"

Prospects for biomethane in the transport sector of Ukraine

Q&A session

**Ms Tetiana Zheliezna**, Bioenergy Association of Ukraine

**Mr Petro Kucheruk**, Bioenergy Association of Ukraine

**Ms Mariana Hyvel**, Bioenergy Association of Ukraine

**Mr Semen Drahnev**, Bioenergy Association of Ukraine

## Conference Wrap-up and Closing

**Hour: 17:30 – 17:40**
