

Presentation of the Analytical Note №2
Advanced Biomethane Production from ligno-cellulose materials
 26 June 2025, 15.00 – 17.00 (Kyiv time)

Webinar program

<i>Welcome speech</i>	
Oleksiy Orzhel, Senior Energy Expert, Energy Community Secretariat Marina Delegan, Ukraine Energy Attaché, British Embassy to Austria Georgii Geletukha, Chairman of the Board of the Bioenergy Association of Ukraine	
<i>Presentations</i>	
Status and prospects of biomethane production from lignocellulosic agricultural raw materials (15 min)	Georgii Geletukha, Chairman of the Board of UABIO Yuri Matveev, UABIO expert
Technological, agroecological and economic aspects of the collection and logistics of crop residues as raw materials for biomethane production (15 min)	Semen Drahniev, UABIO expert
Crop residues as raw materials for biomethane production: composition, methods and equipment for preliminary preparation and fermentation (15 min)	Petro Kucheruk, UABIO expert
Feasibility study of biomethane production from crop residues (15 min)	Petro Kucheruk, UABIO expert
<i>Questions and Answers</i> 30 min	
<i>Discussion and summary</i> 15 min	

The webinar is part of the project PN01-2025 "Ukrainian Biomethane Sector Development", funded by the Energy Community with the support of the UK Agency for International Development (FCDO) and implemented by the Public Union "Bioenergy Association of Ukraine" (UABIO).
